

Join us in shaping the future

We are looking for a

European Market Analyst for TSI Group Europe

Unlimited full-time contract

The main focus of the role is to open up new markets and products for the TSI Group Europe, reporting directly to the European CFO of the Group. Place of work is optionally one of the European locations (Hannover, Heidelberg, Köln/Bonn, Kassel), travel to subsidiaries incl. prolonged presence will additionally be necessary.

Your tasks:

- Carrying out an inventory of the core competencies of the respective Group companies in relation to current markets, technologies and products.
- Evaluate the data obtained and carry out an analysis of the markets and products of the future for the Group, ideally taking into account the strengths and capabilities of all Group companies.
- Development of concepts and strategies for the development of these markets
- Ongoing observation and analysis of the markets for the further strategic development of the products
- Regular presentation of the results in the Sales Manager Meeting of the Group companies

Your profile

- Successful graduation as (business) engineer, (business) computer scientist or a comparable qualification
- Good technical understanding and basic understanding of digitisation and IT systems
- Initial experience in the preparation of market analyses and business studies, ideally in a technical environment
- Very high analytical skills, technical affinity and an independent way of working
- Good communication and presentation skills
- High willingness to travel to the individual Group companies in EU
- A good command of German and English and of another European language is required and knowledge of another language is advantageous.
